## WEB DESIGN

**Web Design and Development** is one of the most important things that you can do for your business. We will design your web site from the ground up. Your web pages will download quickly, be user friendly, have easy-to-follow navigation and will rank well in search engine and web queries.

## GRAPHIC DESIGN

We do a variety of graphic design projects including logos, magazine ads, banner ads, flyers, e-newsletters, and more. Whatever your need, we are here to assist you. Blast Creative provides high quality graphic design. We strive to satisfy our clients with prompt, courteous service. We are quick and efficient.

## APP DESIGN

**SMB Marketing** is making mobile apps affordable and simple for small businesses. We're a do-it-yourself iPhone, iPad, Android & HTML5 app platform that allows any small business to simultaneously create, edit, and manage mobile apps and mobile websites online without any programming knowledge needed.

**Let us help you reach your clients with:**

- Push Notifications
- GPS Directions
- One Touch Calling
- And so much more!

## REPUTATION MANAGEMENT

We can help you manage your online reputation. Anything negative can hurt business, college acceptance, jobs and more. We can help to clean up negative links, improve your online reputation and more.

## SOCIAL MEDIA MARKETING

We will get to know your business and create content as well as a social media marketing calendar. We can help build and engage your audience, which will result in new customers for your business.

## SEO

**Search Engine Optimization** is what helps to get your website found on the Internet. Helping our clients get to the top of the search engines is one of our favorite services.
